

ACCOUNT OF GENOA CONFERENCE GIVEN BY LLOYD GEORGE

After Statement is Made and Criticisms Are
Replied to He is Given a Vote of Confi-
dence—Main Attack is Made on the
Prime Minister by Lord Robert Cecil

(By The Associated Press)
LONDON, May 25.—Once again Lloyd George ap-
peared in the house of commons today to give as prime
minister an account of his stewardship at Genoa, and once
again, after a precise and carefully worded statement and
an eloquent rebuttal of criticisms directed against him,
he received the support of the house in what is considered
the equivalent of another vote of confidence.

The house by an overwhelming majority of 235 to 26
rejected an amendment moved by Ruppert Gwynne, Uni-
onist, to the motion on which the debate was based as a
means of expressing the dissatisfaction of the house with
the premier's exposition.

Mr. Gwynne had been most vehement in denunciation
of the government.

For an hour and a half the premier gave a calm expo-
sition of the conference proceedings to which the veteran,
Herbert H. Asquith, the labor leader, John Robert Cline
and Lord Robert Cecil replied, criticising the six weeks'
session at Genoa as having accomplished little or nothing
towards the rehabilitation of Europe.

CLOTURE MAY BE ENFORCED TO CUT DEBATE OF TARIFF

Democrats Say They
Will Resist Gag
Rule Attempt

(By The Associated Press)

WASHINGTON, May 25.—Cloture
as a means of cutting down
debate on the tariff bill was pro-
posed today at a conference of Re-
publican senators and was discussed
later in the senate. Opposi-
tion to the suggestion developed
Democrats giving formal warning
that any effort by the majority to
put over a "gag" rule would be
resisted to the utmost.

The proposal will be discussed
further at a second majority con-
ference called for Saturday. It
has been announced that the con-
ference would be held tomorrow
but it was deferred so as to give
senators more time to consider
the cloture rule as framed by Sen-
ators Kellogg and Lenroot.

As drafted the rule would ap-
ply not alone to the pending tariff
bill but to all revenue and ap-
propriation measures. It would
not apply to any other legislation
and would leave senators free to
discuss the bonus, ship subsidy
and any other subject of special
or general legislation including
treaties. A majority vote would
only be necessary for adoption of
the rule.

Under the rule after a revenue
appropriation bill has been before
the senate five days 16 senators
could prevent a motion for cloture
and if sustained by a majority
vote the time of each senator de-
siring to speak would be limited
to one hour on the bill and ten
minutes on any amendment with
requirement that the debate be
confined to the subject matter be-
fore the senate.

G. O. P. Leaders Doubt Advan-
tability.

Many Republican leaders have
opposed cloture and today several
expressed doubt as to the advan-
tability of injecting a cloture con-
test into the tariff situation, be-
lieving that it would delay rather
than expedite action on the bill.
Advocates of the cloture rule con-
tended time would be saved in
the end and it was indicated that
a determined effort would be
made to have the conference ap-
prove the proposal.

Plain intimation was given by
Democrats that if such a rule were
proposed discussion of it would
consume many weeks.

The senate tonight rejected 13
to 39, an amendment by Senator
Jones to make the duty on unadec-
orated earthenware and crockery
35 percent ad valorem—the present
duty—instead of 45 percent as
recommended by the committee.
It followed by approving the com-
mittee rate and also a duty of 50
percent on such materials decora-
ted or ornamented.

Committee duties of 60 percent
on unadecorated and porcelain
ware and 70 percent on such arti-
cles when decorated also were ap-
proved.

LEDGER SHEETS OF FT. DEARBORN BANK READ INTO RECORD

Show Transactions
With Grant Park
Bank 1917-1921

(By The Associated Press)

WAUKEGAN, Ill., May 25.—
How \$25,333,000 of state funds
loaned to the Grant Park Bank
was deposited in the Fort Dear-
born National Bank of Chicago
and immediately withdrawn to
purchase packers' notes, was read
into the record in the trial of
Governor Len Small today when
the state presented the Fort Dear-
born's ledger sheets of the trans-
actions.

The transactions, extending over
a period from April 21, 1917 to
April 5, 1921, included a series
of drafts ranging in size from
\$60,000 to \$2,000,000, the ma-
jority were for \$500,000 each. In
every case but one the money was
withdrawn the same day it was de-
posited. In the one exception the
Grant Park bank drew \$10,000
from the Fort Dearborn Bank on
December 20, 1918, the day it had
a deposit there of but \$3,938.54.

The following day, December 21,
1918, the Grant Park bank de-
posited \$100,000, wiping out the
overdraft of \$96,061.46.

The Grant Park Bank account
was opened April 21, 1917, with
a deposit of \$3,000. On May 18
a draft of \$300,000 was deposited
and on the same day a "Chicago
draft" or cashier's check for the
same amount was taken. This
cashier's check, with similar
checks issued later, was introduced
several days ago, the markings
indicating it had been cashed at
the Livestock Exchange Bank, where
the state claims the money was
used to buy notes of the Chicago
packers.

The original \$3,000 deposit re-
mained in the Fort Dearborn Bank,
the ledger sheet showed, until
April 5, 1921, when it was with-
drawn with the accumulated in-
terest amounting to \$250.18.

Introduction of the Grant Park
Bank followed a cross-examination
of Howard Rice, former employe
of the bank, by C. C. LeFors, chief
counsel for the governor, in which
Mr. Rice testified the Grant Park
Bank carried an account with the
Fort Dearborn Bank on the same
terms and same conditions as any
other legitimate banking institu-
tion. Edward Kelly, former interest
clerk at the Fort Dearborn Bank
testified that the bank paid three per
cent interest on state funds depos-
ited with it. Fred E. Sterling, during
his term as state treasurer, the state
claims the Grant Park Bank only
paid two per cent on state money.

Frequent Clashes Occur
On cross-examination Werner
Schroeder, for the defense, asked
Mr. Kelly if the Chicago clearing
house did not have a rule that its
members should not pay more than
two per cent on public funds, but he
said he did not know. The day was
marked by frequent clashes of at-
torneys, in one of which the defense
succeeded in having former clerks of
the Fort Dearborn Bank barred from
tracing items from one book to
another. Judge Edwards ruled that
the witnesses could assist the state
in finding the figures on the various
books, but could not testify the
figures represented the same item.

The state called Harry Tim-
mons, vice president of Morris &
Co., Chicago packers, today, to
testify about loans to his company
by the late Senator Edward C.
Curtis and Vernon Curtis, owners
of the Grant Park Bank.

Mr. Timmons said the notes
and other papers had been de-
stroyed after the loans were paid
and he was excused.

Trouble between the jury and
their bailiffs was settled today
when Judge Edwards, at the re-
quest of both sides, appointed his
father, Henry Edwards, as a third
bailiff. The court directed the
bailiffs to work in pairs, allowing
one to rest while the others exer-
cised their charges.

ODD FELLOWS MADE TRIP TO WINCHESTER

The drill team from Temple En-
campment, I. O. O. F., made a
trip to Winchester Thursday night.
There are a number of members
of the camp resident in Winches-
ter, and occasionally paraphernalia
is taken there and the work put on
exactly as it is in the local I. O.
O. F. temple. In addition to the
members of the team, a number of
other Odd Fellows made the trip,
and the whole event was one of
great interest and pleasure.

FRANKLIN WOODMEN PLAN TWO-DAY PICNIC

Franklin camp No. 610, M. W.
A., is planning for a two day pic-
nic to be held at dates to be an-
nounced, probably some time in
August. An executive committee
has been appointed, including
George W. Schaaf, W. N. Luttrell,
H. M. Tulpin, Dr. M. D. Hender-
son and Joseph Williamson. Other
committees are to be named and
the lodge intends to make this
one of the biggest picnic events
ever known in Morgan county.

Amid considerable uproar Com-
mander Kenworthy shouted:

"What is your policy?"
"I desire to work with the
democracy of France," the pre-
mier replied decisively.

U. S. Minister To China May Be in Bad

(By The Associated Press)

PARIS, May 25.—Charles R.
Crane of Chicago, minister to
China, who for the past six
months has been conducting an
inquiry into conditions in the
Near East, informed the Associ-
ated Press tonight that he has
had no intimation of the report-
ed action of a French military
court in Syria imposing on him
a sentence of 20 years for inciting
a riot.

"Since my return to Paris three
days ago I have been very cordial-
ly received by many members of
the French senate and others
high in the government and there
is not the slightest indication that
any action has been taken or is
contemplated against me," Mr.
Crane said. It would not surprise
me if the military authorities of
Syria were much aroused over
the popularity of the United
States through Syria and they
must show resentment by military
action against me. I visited Syria
for three days during the first

EARLY MAY REPORTS SHOW WINTER GRAINS IN GOOD CONDITION

Oats Acreage is Reduced Be-
cause of Backward
Season

(By The Associated Press)

CHICAGO, May 25.—Early May
reports showed winter grains in
the seventh federal reserve dis-
trict to be in good condition ac-
cording to a statement issued by
the bank today. Because of the
late season the oats acreage has
been reduced from that of last
year, the statement said, but this
will be offset by an increase in the
corn acreage of corn.

Planting of corn it was added,
was from one to three weeks late,
but soil conditions were declared
to be propitious despite difficul-
ties encountered in plowing and
preparing for seeding.

The bureau of markets and
crop estimates on May 1, estimat-
ed the 1922 crop of wheat for the
five states lying almost entirely
in the seventh district at 110,-
856,000 bushels, compared with
99,547,000 bushels final estimate
for 1921. The statement said.

ILLINOIS MAN WAS KILLED AT ARMY CAMP

(By The Associated Press)

FAYETTEVILLE, N. C., May
25.—A board of officers has been
appointed by Brigadier General
A. J. Bowley, commanding Camp
Bragg to institute their inquiry
into the death today of four en-
listed men and the wounding of
two men and an officer as a re-
sult of the accidental explosion
of a shrapnel projectile during
artillery practice.

The board's findings and rec-
ommendation will be sent to the
war department. It was stated by
camp officials.

Preliminary expectation of the
gun which figured in the accident
and details given by surviving
members of the crew led to the be-
lief that the shell was defective
and, falling far short of its at-
tempted target struck a tree and
rebounded into the second gun
square which was some distance
away. All the victims were mem-
bers of Battery E., Fifth Field
Artillery, which was engaged in
practice firing for the field offi-
cers artillery school.

George E. McClelland, Noble,
Ill., was one of the men killed.

VARIED PROGRAM AT KIWANIS LUNCHEON

At the luncheon of the Kiwanis
club at the Peacock Inn yester-
day, Rev. George E. Stickney read
the Memorial Day message of Gov.
Hyde of Missouri, who is a Ki-
wanian. The report of the city
planning commission conference
held in Decatur was presented by
Harold Welch.

Then Dr. R. V. Brokaw, Morgan
county health officer, spoke
briefly. Dr. Brokaw said that he is
making a careful survey of the
situation before actually undertak-
ing the work. He indicated that
he felt that such an analysis was
absolutely necessary in order to
make the work effective.

President Farrell announced
that W. H. Cocking and George T.
Douglas were the winners of the
attendance prizes for the day.

FRANKLIN WILL HAVE CHAUTAUQUA IN JUNE

A Franklin community chauteau-
qua has been arranged for June
8, 9 and 10. The committee in
charge has arranged a program of
entertainers and speakers that will
certainly make the chauteauqua a
success. Teams have been organ-
ized for the sale of tickets and the
rivalry is expected to greatly in-
crease the interest.

DAUGHERTY WILL ASSUME PERSONAL CHARGE OF CASES

Will Direct Prosecu-
tion of all War
Fraud Cases

(By The Associated Press)

WASHINGTON, May 25.—At-
torney General Daugherty will
assume personal direction of the
prosecution of war fraud cases, it
was announced tonight at the de-
partment of justice.

Associated with the attorney,
the statement said will be "dis-
tinguished lawyers from all parts
of the country selected for their
special fitness for the posts."

Among these will be Representa-
tive C. Frank Reavis of Nebrask-
a, who will resign his seat in
congress in order to take up this
work on June 4.

Colonel Henry W. Anderson of
Richmond, Va., the announce-
ment said, would also assist the
attorney general in the prosecution
as well as former Representative
Roscoe McCullough of Canton,
Ohio, who was appointed recently
by Mr. Daugherty to investigate
war contentment cases.

The attorney general said he
was not willing to make the
names of the other counsel public
at this time. By assuming direc-
tion of the war fraud cases Mr.
Daugherty said, he would be able
to use in the prosecution the
salary of \$25,000 or \$50,000 a
year which otherwise would have
been paid to one special assistant
attorney general under authority
of congress which "has placed no
limitation" on the salary to be
paid this official. He decided the
statement said "that the work
probably would proceed more sat-
isfactorily if he assumed its direc-
tion."

Those cases in which the venue
falls within the District of Col-
umbia, the statement continued will
be presented to the grand jury,
drawn under the new law as soon
as it is organized, and prepared
to hear testimony now in pos-
session of the department.

The attorney general will be
aided by Colonel Guy D. Goff of
Wisconsin assistant to the attor-
ney general as well as each of
the various assistant attorneys
general in their respective
capacities.

"I have been personally in-
formed," Mr. Daugherty said,
"of every step taken in these
cases and have either given or
approved every order of action
taken in them. I shall continue
in charge of the new bureau to
be known as the war contracts
section."

"It is not until the audit comes
from the department in which the
matter originated that the depart-
ment of justice has any jurisdic-
tion. This department has no
right to go to any other depart-
ment and examine and audit,
either its books or its claims.
Such claims have come to this
department have received imme-
diate attention and either have
been sent to the proper United
States attorney for appropriate
action or they have been turned
over to the investigative bureau
of this department with direc-
tions to gather all available evi-
dence to the end that such actions
criminal or civil as the facts
justify might be begun."

ANTHRACITE MINERS REFUSE PROPOSAL

(By The Associated Press)

NEW YORK, May 25.—The bid
of anthracite coal producers for a
settlement of the eight weeks old
strike on a basis of wages cut 21
per cent, was refused by repre-
sentatives of the miners tonight
on the ground that to accept would
be to permit the degradation of
the mine workers in order that
the consumers of coal may con-
tinue to be unconsciously ex-
ploited to the amount of at least
five dollars a ton by the anthra-
cite monopoly.

The miners' reply was sub-
mitted to representatives of the op-
erators at a secret conference of
the joint sub-committee which has
been attempting since March 15
to negotiate a new wage contract.

Charges are made by the miners
that needless and indefensible
profits on hard coal are exacted
from the public thru the opera-
tors' monopolistic control on coal.
This monopoly, they allege, arises
from three sources and is in large
part concealed from the view of
the public.

BOYS BAND TO GIVE CONCERT

Harvey's boy band of Merritt
will give a concert and ice cream
social at Merritt Saturday eve-
ning, May 27. This will be the
second public appearance of the
junior band since its organization.
The personnel is made up of boys
between the years of 12 and 20
years. The band was organized
in 1921 and has been under the
direction of Russell Harvey direct-
or of the Merritt band.

SCOUTS FROM D. & D. WILL CAMP AT PARK

Members of the Scout troop at
the School for the Deaf are plan-
ning to spend the week end in
camp at Nichols Park. The boys
will go to the park late this after-
noon and will remain there until
Sunday evening. They expect to
cook their own meals and are
anticipating a fine time.

ERECTING A BUNGALOW

Mrs. Anna Conover of this city
has let the contract for a six room
bungalow type, residences on the
Vandalia Road, near South East
street. Work was begun Thurs-
day and it is expected that the
building will be finished within
seventy days. L. B. Sargent is the
contractor.

FEDERATION WOMEN NEARLY DISRUPTED BY RULES OF ORDER

Charges of Irregularity in Interpretation of
the Law Creates a Delicate Situation—
Is Ended When a Vote of Confidence
is Given to Federation Parliamentarian

(By The Associated Press)
SPRINGFIELD, Ill., May 25.—A vote of confidence in
their parliamentarian, Mrs. George Plummer of Chicago,
this afternoon saved the convention of the Illinois Federa-
tion of Women's Clubs from threatened disruption over
charges of irregularity. The vote, however, failed to en-
list more than two thirds of the delegates and was followed
immediately by an attempt to poll an opposition vote
which was ruled out of order.

Nomination of a general director of the federation, which
failed yesterday when both proposed candidates withdrew
their names, gave rise to the delicate situation which was
apparently solved this evening by the election from the
floor of Mrs. Harrison Munroe Brown of Peoria by a vote of
191 out of 261 votes cast. Votes for other candidates fol-
low:

Mrs. Charles F. Ross, Chicago, retiring treasurer, 33;
Mrs. John Mason, Aurora, 33, and Mrs. William Hart, of
Benton, 3.

Charges that Mrs. Plummer had
exceeded her authority in advis-
ing delegates that their ballots
with names written in would be
invalidated were voiced by the
second vice president, Mrs. Frank
Fralley of Urbana.

She appealed to the federation
to do things right, and to abide by
their constitution, which she
charged Mrs. Plummer with vio-
lating.

Mrs. Plummer answered that
the fault was not her's.

"You can't see the forest for
the trees," she told the conven-
tion. "The fault is yours."

She said the constitution re-
quired that candidates for direc-
tor general be nominated the day
before election but that in their
political difficulties they had ne-
glected that duty. Therefore
rather than permit space on the
ballots for names to be written in,
she said that a special election would
be held this afternoon. "It is the
first time in all my experience,"
she said, "that I have found it ne-
cessary to defend myself."

Results of the regular election
were announced at the conclud-
ing session of the federation to-
night.

Mrs. Ernest B. Griffin of Grant
Park was re-elected first vice
president by a vote of 262 out of
331 cast. The name of Mrs. Har-
rison M. Brown of Peoria was
written in for the office 47 times.
Efforts by Presbyterians in
Washington state since reinforced
by other denominations to gain
legal right to place the bible in
all public schools were endorsed
by the assembly. An organiza-
tion has been accomplished of in-
ter denominational scope known
as the bible fellowship which pro-
poses to go as far as the United
States supreme court if necessary
to secure authorization for this
work.

I. C. FIGHTING TAX COLLECTION

(By The Associated Press)

CHICAGO, May 25.—Suit to
restrain Patrick J. Carr, Cook
county treasurer, from collecting
over \$500,000 in taxes from the
Illinois Central Railroad com-
pany was filed in the superior
court today by John G. Drennan,
chief counsel for the railroad.

According to the bill the prop-
erty taxed consists of stocks and
bonds held by the railroad for
the purpose of controlling other
railroad essential to their sys-
tems.

Attorney Drennan said that a
similar tax was assessed in 1915
on a valuation of \$10,000,000 the
tax amounting to \$264,000. This
was appealed to the supreme
court the attorney said which
held the securities non-taxable
by county authorities.

In 1920 according to the at-
torney the securities were again
assessed and taxes amounting to
\$269,000 were levied. In 1921
the taxes amounted to \$258,000.
The bill asks that the court re-
strain the treasurer from at-
tempting to collect the taxes on
the grounds the securities are es-
sential to the welfare of the cor-
poration.

WORK BEGINS ON TENNIS COURTS AT NICHOLS PARK

The work of putting the tennis
courts at Nichols Park in order
for the summer season was begun
yesterday, and already two of the
courts are in excellent shape. If
sufficient interest is shown the
park management will proceed
with the leveling and marking of
the other courts at the park. Ten-
nis players of the city are plan-
ning a number of practice games
and there is also talk of a tourna-
ment or two in which players from
nearby cities will participate.

PRESBYTERIANS ELECT J. C. HANNA ON COMMISSION

Springfield Man is
Chosen by Gen-
eral Assembly

(By The Associated Press)

DES MOINES, Ia., May 25.—
Smooth organization of the work
of the 134th general assembly of
the Presbyterian Church in the
U. S. A., enabled the session to ad-
journ at 4 P. M. today several
hours ahead of schedule and at
midnight most of the commission-
ers had departed.

The 1925 class of the executive
commission was elected, includ-
ing the moderator, Dr. Calvin C.
Hays, Johnston, Pa.; Dr. Samuel
T. Wilson, Maryville, Tenn.; Geo.
Ewing, Portland, Oregon, and
John C. Hanna, Springfield, Ill.
Efforts by Presbyterians in
Washington state since reinforced
by other denominations to gain
legal right to place the bible in
all public schools were endorsed
by the assembly. An organiza-
tion has been accomplished of in-
ter denominational scope known
as the bible fellowship which pro-
poses to go as far as the United
States supreme court if necessary
to secure authorization for this
work.

Resolutions of congratulation
and amity were adopted toward
the Church of Christ in Japan af-
ter the commissioners had heard
the Rev. Massala of Tokio head
of that church tell of its growth
since its beginning in 157 to its
228 churches, 37,000 communi-
cants and 75,000 adherents of to-
day.

Favor Memorial Fund
The resolution favored raising
a memorial fund of \$250,000 to
commemorate the fiftieth anni-
versary of the church one half to
be collected in Japan and one half
in America by the included deno-
minations.

The commissioners pledged
themselves to support the reor-
ganization of the Presbyterian
agencies as brought about by the
approval of the Stone report.
The religions which do not build
permanent, worthy church edifi-
ces soon die out, asserted Dr.
Cleland B. McAfee of Chicago, in
urging the support of church
erection projects. He cited the
great beginning made by the spiri-
tualist movement in the fifties
and adduced its exhaustion to
failure to build churches. The
Christian Science sect on the other
hand, built impressive churches
and has grown and permanent.
"It is up to the Presbyterian
church to put up everywhere
beautiful, permanent churches,
worthy of denomination, built for
eternity," he said.

Indianapolis was chosen as
next year's meeting place for the
general assembly.

COMING SATURDAY

The Call of Home

understand that the good citizens of Chicago are in earnest in their effort to stamp out crime. It was a refreshing thing also to see the city council of Chicago voting almost unanimously for this proposal. That's a rare happening in Chicago.

Senator Simmons of North Carolina admits that some of the industries of his state "have grown large" but he insists that they have remained honest. A few years ago New England had practically all of the American cotton manufacturing industry; now the South has 15,000,000 spindles to New England's 20,000,000. The northern manufacturers, in Mr. Simmons' opinion, evidently, are dishonest, while the southern mill owners are honest. He won't find many people who will believe that honesty is a matter of geography.

LOWER FREIGHT COSTS.

It is said that lower freight rates will give an impetus to business and form the basis for much more prosperous times. No doubt the lower freight rate will increase certain classes of business, but not all. The consumption of certain commodities is not fixed by the price. For instance, people use the amount of fuel that is absolutely necessary and the quantity consumed is not varied in accordance with the cost. This applies to a great many of the commodities listed as necessities, but is not true of luxuries.

Lower freights for coal, however, will make possible lower prices to the consumer because freight costs enter quite largely into the prices charged for fuel. In commodities of smaller volume the freight cost is a comparatively small matter, and so in many instances the consumer who is expecting a lower retail price because of lower freight will be disappointed.

The freight cost on a suit of clothes is an example in point.

THE RE-DISTRICTING PLAN.

Representative Searey, in an article which appears elsewhere in this paper, outlines clearly the provisions that the constitutional convention has made for a re-districting of the state and for representation in the house and senate. Very few people locally had a clear idea of the con-con provision, and for that reason Mr. Searey's explanation is very timely.

If this proposal becomes effective Morgan county will be entitled to a member elected from the county to the legislature. The county, however, will be a part of a senatorial district and a senator may or may not be chosen from the county.

The suggested arrangement sounds exceedingly fair and would no doubt have the support of a majority of the residents of the county when presented at an election. It is very certain that many other matters contemplated by the constitutional convention must be explained to the people before they will be in position to express their real opinion of the proposals.

FEBRUARY MARRIAGE IS JUST ANNOUNCED

Miss Margaret Todd and T. C. Andrews Wedded in Springfield—Announcement Made at Illinois College Senior Party Thursday Night.

Members of the senior class of Illinois College were entertained at the home of President and Mrs. C. H. Rammelkamp Thursday evening. Interest in the occasion was increased by announcement of the marriage of Mr. T. C. Andrews, a member of the class, to Miss Margaret Todd. The ceremony took place in Springfield last February but as Mrs. Andrews is a teacher in the schools of Jacksonville and Mr. Andrews had not finished his college course, it was decided to keep the event a secret until commencement time.

Dean G. H. Scott invited the members of the class to a breakfast to be given at the Scott home Saturday, June 3, and casually announced that a new member of the class, Mrs. Andrews, would be present. The other members of the class were completely surprised by the announcement and of course were generous with congratulations.

The members of the class last night spent part of their time in singing college songs and in various ways enjoyed the hospitality of the Rammelkamp home.

AGRICULTURAL NEWS NOTES.

Some Emergency Crops

Buckwheat, millet and sorghums are suggested as emergency crops to be planted on over-flooded land by Dr. W. L. Burlison, chief in agronomy, University of Illinois. Dr. Burlison also agrees with the list of emergency crops already published, including soy beans, cow peas and sudan grass. Buckwheat will mature in about sixty days and it serves its purpose well when seeded under such conditions as prevail now along the rivers. The Japanese, the Common Gray, the Silver Hull are desirable varieties. Millet may be used, the only limited amounts. The sorghums, both the sweet and non-sweet, will help some in the emergency. The former for hay and the latter (kafir or fetereta) for grain.

Red Cross Sends Seed

V. Vaniman, assistant state leader of farm advisers, is chairman of the committee representing all the agricultural groups of the state, to buy and forward seed grain to the flood sufferers. The Illinois Red Cross has appropriated \$18,000 for car loads of seed grain and food stuffs to go to Jackson, Union and Alexander counties. One load has arrived at Anna. The local Red Cross committee passes out the supplies from the car on requisition.

The areas flooded reach all the way from 3,000 acres in Pike county to 10,000 in Greene county, 12,000 in Scott, 15,000 in Jackson and 60,000 in Alexander.

The Chinch Bug Prospect

Farmers' bulletin 1223, issued free of charge by the U. S. Department of Agriculture, will be of more than ordinary interest to central Illinois farmers this year, for it tells all about the chinch bug and its control. Chinch bugs are a real menace to crop production in many central Illinois counties this year. Bloomington is in the north edge of the chinch bug area, according to local reports, but they have been known to spread northwards as far as central Wisconsin, according to bulletin 1223.

The bulletin contains thirty-five pages of information about the bugs, including past history, damage done, how to identify and all the control measures that have been proven successful, even to spraying.

DAVIS SWITCH

Mr. and Mrs. P. J. Wolfe were Sunday shoppers in Jacksonville.

DR. W. A. EVANS TALKS TO LOCAL CITIZENS

Noted Physician Says Health Work Pays—Tells What Chicago Has Done—Asks Support For County Health Officer.

"Public health work pays," was the message which Dr. W. A. Evans noted public health authority of Chicago brought to Jacksonville people in an address delivered at the Opera House last evening before a large audience. Dr. Evans came to Jacksonville under the auspices of the Morgan county Anti-Tuberculosis League and delivered the finest address on the subject of community health work that has ever been heard in the city.

The meeting at the Opera House as preceded by a dinner given at the Peacock Inn in honor of Dr. Evans, by members and friends of the Morgan County Anti-Tuberculosis League. Twenty-five guests, including the directors, members and friends of the league were present at this dinner and following the serving of the menu the annual business meeting of the league was held. At this time the following were elected as members of the board of directors of the Tuberculosis league: R. L. Dunlap, Stanley Wright, Dr. T. O. Hardesty, Mrs. Herbert Capps, Dr. Josephine Milligan, Dr. C. E. Cole and John S. Hackett.

Two amendments were also passed by the league members, one providing for the payment of one dollar as the annual dues instead of twenty-five cents and the other providing for election of a precinct chairman for each precinct of the county, elected annually by the board of directors when the other officers of the League are elected. The meeting then adjourned to the Opera House where Dr. Evans made his address.

Reverend M. L. Pontius, president of the Morgan County Anti-Tuberculosis League presided at the meeting and introduced the speaker, Dr. Evans was Public Health Commissioner of Chicago from 1907 until 1911 and is now professor of the Department of Public Health at Northwestern University. He is probably known to nearly every person in this and other cities of the county as the author of the column in the Chicago Tribune entitled "How to Keep Well." Dr. Evans took as the subject of his address "Consumption," and based his talk on his years of experience in Chicago.

What Chicago Did

The work for the prevention of tuberculosis in Chicago began twenty years ago when the Chicago Woman's Club took up the subject. For seven years its advocates conducted a campaign, writing and speaking to people on the facts and means of preventing the dread disease. This "period of talk," bore fruit, though it was not manifest in the actual lowering of the death rate. However when in 1907 Chicago began the kind of control and policy of action which Jacksonville is now undertaking thru her County health officer and her sanatorium the work of the previous seven years showed results in that the people had been educated and were prepared for the active campaign. The foundation of "Talk" was firm and quick results were shown.

Dr. Evans had some charts showing the relative death rates in Chicago from the year 1907 to 1921. These showed that the death rate from consumption fell from 170 in 1907 to 71 in 1921. In other words in 14 years the city of Chicago had succeeded in cutting the consumption death rate just in half. The fall in the death rate from typhoid fever was even more marked in those years, showing a fall from 176 to 1.

"Consumption can be controlled and I believe eventually eliminated," declared Dr. Evans. The processes of control and elimination are more tedious and long drawn out in fighting tuberculosis than in other diseases but it is none the less possible. The interest, money and human sympathies invested in public health work pay more and make it one of the most profitable of community enterprises. No type of activity in city or national government can show results comparable to those of the public health work.

It can be conclusively proved that public health work pays. No department of municipal government such as the police department, fire department, department of justice or others can show a record comparable to that of the public health department which in Chicago in the last fourteen years has reduced the death rate from 49 to per 1,000 to an average of 10 per 1,000 within the city.

"Health work is curative in character and is primarily preventive in its nature. Its workers strive to strike at the sources of the trouble and bring preventive and curative methods into use. After people have been acquainted with the details of consumption it has been educated to the possibility of curing the disease it can be controlled. What the city of Chicago has done, Jacksonville can also do."

Greatest Problems in County

It is true that the greatest health problem of today lies in the rural districts and small communities of the country. There is very little organized public health work in the state of Illinois outside the large cities and many communities have assumed that because the people are not living in close, crowded quarters, there is no health problem. This however is not true and statistics compiled in 1912 by officials at Columbia University show that the death rate is higher in New York state in the country and small towns than it is in the large cities

of the state. Subsequent investigation showed that this same condition prevails all over the country and analysis has shown that the unhealthiest places are the cities of 25,000 to 50,000 population or less.

"The great health problem of today is that in the community the size of Jacksonville. The greatest health problem in the country is right in the community in which you live," declared the speaker. In the employment of a full time health officer in Jacksonville you are undertaking to carry out and secure for your people the same kind of preventive medical work that has paid in Chicago, New York, and all other places where it has been tried. This is an experiment in the State of Illinois and Jacksonville. In making available the services of a trained man to aid you in the protection of your family, you are taking a great forward step in public health work."

Explains Institute Work

Dr. Evans then explained in some detail the work of the Chicago Tuberculosis Institute. A dispensary system was first inaugurated and dispensaries placed all over the city with visiting nurses and doctors in charge. This system was later merged with the sanatorium system and in the latter Dr. Evans emphasized the necessity of maintaining a corps of visiting nurses to go into the homes and instruct the patients in the art of right living. After a period of care and education in the sanatorium the patient goes back to take up his old life and it is then that, if the results are to be permanent, the visiting nurses must go to the homes and continue the influence of the Sanatorium. Cures are more permanent and relapses less frequent and the maintenance of visiting nurses has been the policy of the Chicago Tuberculosis Sanatorium System since the beginning.

Real Function of Dr. Brokaw

"I thoroughly believe in the preventing of preventable diseases. The real function of Dr. Brokaw, your new health officer, as he undertakes his work, is to persuade you to so change your habits and customs of living as to earn, for yourself, freedom from disease. So live, and so change your methods of living as to earn freedom from tuberculosis. You in Jacksonville are in a position of leadership. Your men and women will be trained to lead people in the march toward better health. Health work pays in communities like Jacksonville. Get behind your public health movement 100 percent, in spirit as well as in purse and the great benefits of the work will flow out not only to you, but to other communities all over the county."

Following Dr. Evans' address Mayor Crabtree introduced Dr. R. V. Brokaw, Morgan County's new Sanitary officer and the first full time health officer in the state of Illinois.

Dr. Brokaw responded with a few appropriate words and in asking the cooperation of all the citizens of the community, expressed his firm belief in successful solving of the problems of public health in Morgan county.

BEARDSTOWN STATION WILL BE REMODELED
The Beardstown Illinois-Star states that the Burlington passenger station in that city is to be extensively remodeled. The waiting room is to be enlarged and a small smoking room added. The ticket office will be reconstructed and placed in the north end of the enlarged waiting room.

The division offices on the second floor have recently been enlarged and improved, and the station building will be in much better shape when the whole of the improvements have been carried into effect.

WORD FROM DES MOINES

Comrade Charles Patrick has received the following letter from Frank Dagle, secretary of the Iron Brigade Association, mention of which was made in the Journal a short time since:
Des Moines, Iowa,
May 23, 1922.

Dear Comrade:
Yours of May 21st, received, and I assure you it gives me great pleasure to know that you expect to be with us at the time of the National G. A. R., Encampment in September. I was wounded at Cold Harbor and did not get back to the regiment again. I surely shall be glad to welcome a lot of the "old boys" and our city will be fixed to take the best care of them; will have good, free hospitals and free nurses in case of illness.

Please have your papers announce that I have all the names of the Iron Brigade, but didn't have the address of Major Parsons. Tom Graham died here seven years ago; don't know about his son. I wanted to get out a pamphlet with a roster of the names and addresses of the survivors but may not be able to do it and may possibly later on. I have seventeen names of your company but none in your state. I was sergeant of Co. E. 2nd, Wisconsin Infantry; enlisted at Oshkosh. Our company was badly used up during the war and so was the brigade. I am getting many replies from the boys; many are so old and delicate they will not be able to attend the encampment.

Yours in F. C. and L.
FRANK DAGLE.

The "Dearie"

Is decidedly SMART

Whether flashing from beneath the heavy brocaded gowns and multitudinous petticoats of a Madame Pompadour of Louis XV's Court, or proudly displayed on the slim, trim foot of the maid of the moment, attractive footwear has always held the interest of the wearer and observer.

You know this and so do we. With this thought in mind we have provided the "DEARIE" in high grade black satin and patent kid. Also a very similar pattern has been provided in white kid. These styles are decidedly Fifth Avenue but the price is low considering the grade of these shoes. Priced at \$6.95 for quick selling.

It Takes Quality to Make Quality

Haphazard methods of production will not produce fine clothes.

The extraordinary merit of our L. System Clothes is due to the fact that the organization which makes them is geared for quality in every department of production.

Nothing is left to chance. From the selecting of the woolsens, to the draughting of the models, from the cutting of each garment singly, to the patient, painstaking hand workmanship wherever it adds to service or to style, every step in the making of an L. System garment is a step upward and forward in the direction of quality.

Come in and see our selections, realize here and now the difference in clothes.

INDIANAPOLIS MEN TO INSPECT DECATUR LAKE
Mayor Shank and representatives of various organizations of Indianapolis are to travel on a special train to Decatur at an early date in June to inspect the lake that Decatur has constructed in connection with the development of its water supply. The work Decatur has done in

providing this great supply has attracted country wide notice. It is of interest to Jacksonville people to remember that the plan for financing the project was patterned quite largely after Jacksonville and was outlined subsequent to a visit of inspection made here by representative Decatur citizens.

GOLF PLAYERS AND CADDIES INJURED

CHICAGO, May 25.—Four golf players and their two caddies were seriously injured by a bolt of lightning which struck a tree under which they had sought shelter at the Calumet Country Club, during a severe rain and electrical storm which did much damage to property today. Other players on the course seeing the lightning strike the tree and the men fall

rushed to their assistance and carried them to the club house where they were given medical attention. The same storm flooded hundreds of basements on the South Side and the police and fire department were kept busy pumping out the basements of dwellings and business places. At several points street car traffic was stopped by the depth of the water in the streets where sewers had overflowed. In Blue Island the storm was reported to have approached the severity of a cloudburst, the east side of the town being flooded.

TERRE HAUTE MAN HEADS OPERATORS

CHICAGO, May 25.—Alfred M. Ogle of Terre Haute, Ind., was elected president of the National Coal Association at the close of the fifth annual convention today. Four directors at large were chosen as follows:
John A. Donaldson, Pittsburgh, Pa.; Walter H. Cunningham, Huntington, W. Va.; Philip H. Penna, Terre Haute, Ind., and Michael Gallagher of Cleveland. President Ogle in an address following his election expressed the intention of the bituminous coal industry to co-operate with the government concerning the proper distribution of coal particularly during the present miners' strike.

WOMAN 102 YEARS OLD IS FIGHT FAN

OMAHA.—Mrs. Bridget Mary Convey, fight fan despite her advanced age, celebrated her 102nd birthday anniversary here recently.

Recently, while visiting her daughter, Mrs. Anne Davis, at Sioux City, Iowa, she landed a fight, which Earl McArthur was one of the principals, as the guest of Mrs. McArthur. Mrs. Convey likes boxing matches and has been an ardent fan since girlhood, although she has not been able to attend many of late. She has seen a number of championship bouts.

She does not care for other sports, because, she says, she does not understand them. A little more than a year ago, Mrs. Convey walked several blocks to a hospital where she underwent an operation. To prove that she was still hale and hearty, she got out of bed while at the hospital and danced an Irish jig for the benefit of other patients and nurses.

Mrs. Convey was born in Ireland and came to America in 1867. She has three children living, besides her son James, with whom she lives here. The other children are: Thomas Convey, Portland, Ore.; Mrs. Mary Costello, Chicago, and Mrs. Anne Davis of Sioux City, Iowa.

Mrs. Convey takes an extremely cheerful view of life. She has enjoyed life, she says.

MOVEMENT SEEKS TO PROTECT TRAIL MARKS

Recent Action of State Highway Advisory Board With Reference to National Trail Marks Brings Movement for Their Protection.

H. C. Wilhite, president of the Alton Automobile club and manager of the Lone Star Route, was in the city yesterday to confer with local good roads booster with reference to various matters preparatory to a meeting to be held in Chicago on June 19. At the latter meeting it is expected that a national automobile organization will be formed. It is probable that a number of local people will attend the Chicago conference.

The decision of the State Highway advisory board to abolish national trail marks throughout the state has resulted in a movement to protect transcontinental marks on the national highways which traverse this state. The recent decision will result in the removal of all trail marks except those to be placed by the state department, and the effort is now to be made to secure legislation to protect these trail marks.

Those interested in the national highways force ruin of their routes by action such as that recently taken by the advisory board of this state. By the proper legislation it would be possible for a national highway, incorporated and established in three or more states, to protect its marks in any state where such legislation is passed. At the Chicago meeting it is proposed to lay plans for calling attention of the various state legislatures to the matter of protecting the trail marks.

CLUBS AND SOCIETY

Ebenezer W. F. M. S.

Met Thursday.

Mrs. Richard Stanley entertained the members of the W. F. M. S. of Ebenezer church Thursday afternoon at her home near Joy Prairie. The assistant hostesses were Mrs. Harry Furry of this city and Mrs. J. H. McFadden and Miss Edna Stanley.

Mrs. Margaret Dinwiddie led the devotionals and the mystery box was in charge of Mrs. Rose Cully. Musical numbers added greatly to the pleasure of the afternoon. Mrs. Clyde Black giving a piano selection and Misses Ethel and Eleanor Cully a duet. Miss Edna Bracewell also gave a piano selection. After the program came a very pleasant social hour, when refreshments were served by the hostesses.

Shreve's Drug Store

Come, See the Western Electric Dishwasher and Kitchen Table

Another Item of Household Drudgery Eliminated

We have the electric washer, the sweeper, the toaster, and a dozen other labor savers in the home, and now—the dishwasher.

Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwasher. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.

Here's How it Operates

First, the lower rack in the dishwasher is filled with plates, saucers and platters. The silverware is also placed in the proper compartments.

The upper rack is then put into the dishwasher, and cups, pitchers and glasses are placed in it.

When all the dishes are in place a tea kettle, or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, is poured into the dishwasher and the lid is closed.

The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.

In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.

In three minutes, the dishes are rinsed and the motor is turned off.

It is only necessary to

dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.

The dishwasher cleanses itself, because the same water that rinses the dishes also rinses out the machine.

The dishwashing has taken only 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwasher.

CLUBS AND SOCIETY

Hold All Day Meeting
The Ladies Aid Society of State Street Presbyterian church held an all day meeting yesterday in the church parlors. The time was spent in sewing for Passavant Hospital and the regular routine business of the society was transacted. A delicious luncheon was served at noon and Mrs. F. A. Lane was chairman of the committee for the day.

Enjoy Picnic at Park.

The members of the sales force of Deppie's store enjoyed a picnic at Nicholas park Wednesday evening. There were about ten in the crowd and they went out to the park about five thirty in the afternoon. A fine picnic supper was served and the rest of the evening spent in a general good time.

President and Mrs. Rammelkamp Entertain I. C. Seniors.

President and Mrs. C. H. Rammelkamp entertained the Seniors of Illinois College at a dinner given last evening at their home on Lockwood Place. This was the annual senior dinner and about thirty-five guests were present. The guests were seated at small tables and a four course progressive dinner was served. Attractive decorations of garden flowers were used on the tables. Dean G. H. Scott, class advisor for the Senior Class and Mrs. Scott were special guests at the function.

After the serving of the dinner the class members talked over the commencement plans with the president and joined in the singing of college songs.

Entertain Student Officers At Dinner Last Night.

Dr. and Mrs. J. R. Harker entertained the officers of the student organizations of Illinois Woman's College last evening at an informal dinner given in their apartments at the college. This is an annual affair and the new and old officers of the recognized organizations are invited to dine with President and Mrs. Harker and talk over the affairs of the college organizations. At six o'clock an

informal supper was served and this was followed by a conference concerning the affairs of next year.

The guests at the dinner were the presidents of all the student organizations and societies and the faculty advisors. The officers for the coming year present at the dinner were: Miss Janette Wallace of the student association; Miss Eleanor Jane Dinmore of the Athletic Association; Miss Florence Weber of the Y. W. C. A.; Miss Margaret Fowler of the Greetings; Miss Eva Zwermer of the Illiwooco; Society and class presidents for 1921-22, who were present were: Miss Verna Merishon of Phi Nu society; Miss Marion DePew of Theta Sigma Society; Miss Le Nore Krieger of Belles Lettres society; Miss Margaret Merker of Lambda Mu society; Miss Genevieve Wilson of the Freshman class; Miss Lucille Vick of the Sophomore class; Miss Helen Gowdy of the Junior Class; Miss Mildred Mayor of the Senior class; Miss Dorothy Remley of the Dramatic Club. The newly elected officers of these latter organizations present at the dinner were: Miss Verna Hieronymous of the sophomore class; Miss Esther Purl of the Junior class; Miss Eloise Calhoun of the Senior class; Miss Janette Wallace of the Y. W. C. A.; Miss Ada Clotfelter of the Greetings; Miss Helena Betcher of the Illiwooco; and Miss Jennie Lacey of the Student's association were among officers of this year present at the dinner.

Worth While Class Held Picnic Recently.

On Tuesday afternoon, the Worth While class of Point church, held its regular meeting at the home of Mrs. Oliver Dickinson near Lynnville. There was a good attendance. Mrs. Scott Holmes had charge of the devotional exercises. Roll call was responded to by the name of an American hero.

A paper on Heroes of the Bible was read by Mrs. Charles Middleton, this was followed by a general discussion on the subject. During the social hour the hostess served delicious refreshments.

The guests were: Mrs. Leonard Hills, Miss Wilma Richardson and Miss Sallie McKinney. The next

meeting will be held June 27th with Miss Cora Megginson.

Entertain for Miss Miller

Mrs. Harlan Williamson was the hostess at a delightful afternoon bridge party given yesterday at her home on West College avenue in honor of Miss Willa Miller who is to be a June bride. The guests list included Miss Miller's friends and four tables of cards were made up. Garden flowers were used in attractive house decorations and after the hours of cards the hostess served delicious refreshments.

I. C. Sophomores Picnic At Nichols Park.

The Sophomore class of Illinois College went on a picnic to Nichols park last evening. The students went out to the park early in the afternoon and spent several hours having a general good time. At six o'clock a fine picnic supper was served. Professor Roy Swift, the class advisor for the sophomores was a special guest. The committee in charge of the picnic included Miss Betty Palmer, Richmond Thomason and Miss Beatrice Gridley.

A. A. C. W. Executive Board Met.

The executive board of the Jacksonville Branch of the American Association of University Women met yesterday afternoon in the medical rooms at the public library. Mrs. J. G. Grant of Winchester, the president of the organization, presided and a number of important matters were disposed of at the meeting.

Service Star Legion Gives Program at Oak Lawn.

The members of the Service Star Legion went out to Oak Lawn last evening and gave a little entertainment for the ex-service boys who are patients there. They went out about six thirty o'clock and a short program was given followed by a social hour. Miss Beulah Tull sang a group of songs accompanied by Miss Helen Bennett and Miss Eula Priest gave some readings. The hearty applause which the boys gave evidenced their keen appreciation of the program. After this a social hour was spent and excellent refreshments which the ladies had brought were served. Mrs. J. A. Paschall was in charge of the program and Mrs. James Strawn has charge of the refreshments for the entertainment. Mrs. Frances Brown is the president of the Service Star Legion.

The committee in charge of the affair is very grateful to the young women who assisted in giving the program, and to all who in any way contributed to the pleasure of the evening.

Congregational Ladies Meet.

The social meeting of the Ladies Aid Society of the Congregational church was held yesterday afternoon at the home of Mrs. M. O. Mathews of Westminster street. The hostesses for the afternoon were Mrs. C. H. Smith, Mrs. R. P. Joy and Mrs. Mathews, and a delightful time was spent by the guests. Delicious refreshments were served during the afternoon hours. This was the regular monthly social meeting of the Aid.

Hostess to Club.

Mrs. Harvey Sandberg entertained the members of her Sewing club yesterday afternoon at her home on South Main street. This was the regular meeting and only the members were present. After a number of hours spent with sewing the hostess served attractive refreshments.

Entertain for Chicago Guest.

Mrs. H. H. Bancroft was the hostess at a charming afternoon bridge given yesterday in honor of Mrs. George E. Baxter of Chicago who is visiting at the Bancroft home on Westminster street. A limited number of guests were invited to meet Mrs. Baxter and several tables of bridge were made up. After the hours spent in playing an attractive luncheon was served.

Westminster Women Have Birthday Social.

The birthday social of the Aid society of Westminster church was held Thursday afternoon at the home of Mrs. D. P. Roy of Prospect street. About fifty members and guests were present. A brief program was given. Miss Barwise gave a piano number and Miss Swift gave several readings.

Following the program refreshments were served. The following ladies were hostesses: Mrs. Roy, Mrs. W. T. Resaugh, Mrs. Walter McCormick, Mrs. Carpenter, Miss Adelaide McCune, Mrs. Drucilla Gilbert, Miss

Helen Reaugh. The occasion was enjoyable in every way and the hours were profitably spent.

Entertain for Rook Club.

Mrs. Walter Ely entertained at her home, 513 West Lafayette avenue, Thursday afternoon, in honor of the Rook club. First prize in the games played was won by Miss Dorothy Donovan, and the second by Mrs. Edna Cronse, of Murrayville. The guest of the afternoon was Mrs. Loomis of New York City.

School for Deaf Classes Plan Picnic Today.

A picnic is planned for this afternoon by four of the advanced classes of the State School for the Deaf. The students and their teachers will journey to Nicholas park about 5 o'clock and will spend several hours there. A baseball game is one of the features planned. This game will be between the boys and girls, and in order that the latter may have an equal chance of winning the boys will be required to play left handed. There will be other forms of entertainment suitable for an outdoor event, and a picnic supper will be served during the evening.

WHITE HALL PLANS FOR MEMORIAL DAY

Appropriate Observances of Memorial and Decoration Days Being Planned.

WHITE HALL, May 24—Arrangements for the observance of Memorial Day next Sunday and Decoration Day next Tuesday have been completed. Memorial services will be held in the M. E. church next Sunday morning, the address being delivered by Rev. L. E. Ellison, pastor of the First Baptist church, himself a veteran of the World War. It is planned to attach all possible importance to this service to the end that Decoration services next Tuesday may be carried out in the most impressive manner in the history of the community. The G. A. R. and the American Legion posts are cooperating splendidly, and both organizations will lend the influence of their full efforts and strength.

It is arranged to mark the graves of soldiers in the White Hall cemetery next Saturday, 1922, in number, by a committee representing the two patriotic organizations.

It is desired to have every automobile and other vehicle possible in line for the movement to the soldiers' monument grounds. These will assemble at the Christian church at 1:30 o'clock. At the monument the program will be as follows:

White Hall Band.
Invocation—Rev. Charles Ross.
America—Audience.
Roll Call—R. B. Winn.
Chorus—24 Male Voices.
Presentation of Color Standards and Response.

Decoration of Monument—G. A. R., A. A. Lorton; Spanish-American Veterans, Jesse Harrison; American Legion, C. A. Whiteside; Color Bearer, S. J. Rigg.

Decoration of Soldiers' Graves—Ten Squads of 20 Sunday school pupils each, with Band playing.

Chorus.
Gettysburg Address—Stanley Thomas.
Address—Rev. Lee A. Hanchett.
Star-Spangled Banner—Audience.

Benediction—Rev. L. E. Ellison.
The male chorus held the first rehearsal in the Christian church Monday evening under the direction of three lady chorus leaders from the White Hall Music Club, Mrs. Curtis C. Brown, Misses Emma and Bird Duncan.

Wayne, a little under four years, son of Roy Nichols, residing two miles northwest of White Hall, suffered his forehead being split open Saturday by falling against the flywheel of a corn sheller, barely missing a blood vessel. The little fellow is recovering satisfactorily, and was able to be brought to town today for further medical attention.

DAMAGE SUIT FILED

August Walters of Ashland is the complainant in a damage suit filed in the Morgan county circuit court against Frank and Thomas Drury of Orleans. Damages are asked in the sum of \$500.00.

It is alleged in the bill that Elmer Walters, son of the complainant, was driving an automobile on Dec. 11, 1921, near Ashland, and was struck by a car in which the Messrs. Drury were traveling. The collision, it is claimed, resulted in the demolishing of the Walters car. It is further alleged that the defendants were on the wrong side of the thoroughfare at the time of the accident.

DECORATION DAY PLANS MOVE SMOOTHLY

Committee Held Meeting Thursday Night—Organizations are Asked to Help Make the Parade a Success.

The committee which has in charge arrangements for Decoration Day held a meeting at the School for the Deaf Thursday night to talk over further plans for the proper observance of the day. The committee is seeking to have a Decoration Day parade which will be entirely worthy of Jacksonville.

The time for preparation is very brief and the members of the committee are therefore hoping that assistance will come from various organizations without personal solicitation.

Colonel Smith, speaking for the committee, last night said: "We urgently request that all ex-service men turn out for this event in uniform. We are hoping also that the various fraternal associations and the civic bodies will be largely represented in the parade. Illinois College band has donated its services and the committee has been notified by a number of organizations that they will have representation in the parade."

"I can say that at the School for the Deaf extensive preparations are under way and that the contribution from this school to the success of the parade will be large. Certainly citizens owe a great deal of gratitude to soldiers and this Decoration Day event affords the opportunity for giving public expression of that gratitude and appreciation."

The State hospital can also be counted on to furnish its full share of parade features and indications are of a kind to point to a successful event. The parade is to start from the corner of Church and West State streets at 1:30 o'clock p. m. and the various divisions will form on streets adjacent to this point. The line of march to be followed will be announced later.

Capt. James has indicated that the local howitzer company will be largely represented. Col. O. C. Smith will be grand marshal and the divisions of the parade will be directed as follows:

Civic bodies—Stanley H. Wright.
Veterans of Foreign Wars—Merwin Ator.
American Legion—Louis A. Cain.

FINAL EFFORT TO BE MADE IN WHEEL TAX COLLECTION

Chief of Police Kiloran announced yesterday that the police department is now ready to enter into an active campaign for the winding up of wheel tax collection in the city. The tax was due January 1st and the larger number of vehicle owners have already paid the tax. However, there are still a number who have failed to respond to notices sent out by the department, and it is in such cases that drastic action is now to be taken.

In the New Dort The Best Yet

The car that has "hung up" such a lot of unbeatable endurance—and speed records. The car that is a continuous delight to own and operate, because of its low cost for upkeep, beauty, comfort and ease of control.

If you are at all interested in a car, at least treat yourself to a "spin in a Dort" first. All models.

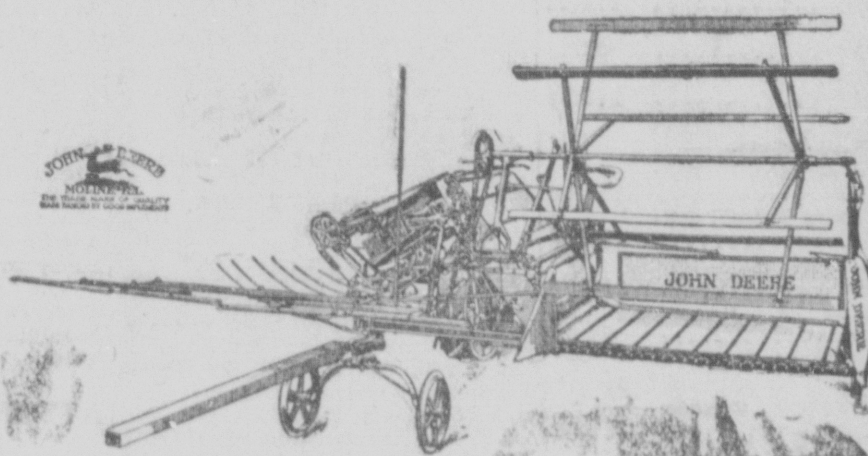

I have several fine bargains in used cars, recently traded in. Will be glad to demonstrate.

Note the Quick Turn Truck wil all-steel stub tongue

The above is a cut of the 1922 make of John Deere Binder. We sold out of binders last season and now have new 1922 machines.

These machines have steel decks, the grain wheel is of an improved design, the bundle carrier is easier to operate and the binder in general shows improvement over the machines made during the rush of after war conditions.

Come in and see one of these set up.

We also have the famous Plymouth White Sisal long fibre twine. We have a car load of bale ties.

PEOPLE ARE MAKING LIBERAL RESPONSE

JOIN TO AID OUR SAVIOR'S HOSPITAL

Subscriptions Up to Thursday Night Totaled \$14,331—Gifts Include Furnishings for Four More Rooms.

The total pledges for the Our Savior's hospital campaign reported last night by Edward Brennan and M. C. Hook for the executive committee was \$14,331.00. Additional subscriptions were received during the day from the several teams in both the business districts and the wards.

The interest in furnishing rooms continues and the contributions yesterday included the furnishings for four additional rooms. Still other persons as individuals and for organizations have indicated that they will probably decide to follow this plan of aiding the cause.

In one of two of the business districts no report has been made by the captains but this is not because of lack of interest but because of pressure of some other work has necessitated a slight delay in canvassing.

A special contribution of \$77 received yesterday from employees of the Illinois Steel Bridge Co. The totals credited to the various teams are listed below. Cash subscriptions amount to \$7,481.35 and this amount, taken together with the special and room pledges, brings the total to \$14,331.10.

DR. COCHRAN GOING TO ATLANTIC CITY

Will Take Part In Program of National Convention of Allied Medical Associations.

Dr. C. C. Cochran of this city is planning to attend the 11th annual convention of the Allied Medical Association of America which will be held at the Hotel Traymore at Atlantic City from May 31 to June 3.

A recent issue of the Journal of the Allied Medical Association is devoted to the Atlantic City meeting and a large part of the publication is devoted to statements with reference to the program at the convention with pictures of a number of the prominent physicians who are to attend the convention.

The name of Dr. Cochran appears in a list of the officers of sections, as he is a member of the committee on clinical medicine. The chairman of this committee is Dr. W. W. Hanchette of Sioux City, Iowa.

Dr. Cochran is also to take part in the general program Saturday morning, June 3, when he will present a paper on "Cancer and Its Treatment."

HIGH SCHOOL SENIORS PRESENTED PROGRAM

Class Day Exercises Entertained a Very Large Audience.

Class day exercises of the Jacksonville high school were held in the auditorium Thursday night with a very large audience present. The platform was decorated in a handsome way in the class colors of blue and gold, and all the arrangements were of a kind to make the event memorable in the history of this, one of the largest classes that has ever graduated from the high school.

The various features of the program were cleverly done and the whole program was a credit to the class and gave a practical demonstration of the class motto "Over the Top."

The officers of the Class of 1922 are:

President—Paul Bolman.
Vice President—Reginald Reid.
Secretary—Virginia Cumming.
Treasurer—Elizabeth Johnson.
The program for the evening was as follows:
Looking Backward—Edith Putnam.
Wail—Sarah Russell.
"The June Song"—Rudolf Kling.
Quartet—Virginia Cumming, Albert Arter, Sarah Russell, Paul Bolman.
Reading—Elizabeth Scott.
Prize—Albert Arter.
Presentation to Junior—Paul Bolman, president of senior class.
Response—George Wetzel, president of junior class.
Song—"Senior Blues"—Chorus.
Poem—"Dorothy Randle."
Looking Forward—Frances Griswold.
Awarding of "J's"—Principal B. F. Shafer.
Trophies—Elizabeth Boruff, Vivian Pires.
Senior Song—Composed by Elizabeth Johnson.

FUNERALS

Funeral services for William Edgar Hill were held from the residence on Reid street at 2:30 o'clock Thursday afternoon in charge of Lieut. L. E. Hall of the Salvation Army. The flowers were cared for by Salina Jackson, Edith Imhoff and Ruth Peters. Burial was in Jacksonville cemetery.

Miss Mabel Packard of North Fayette street was taken to Passavant Hospital yesterday for treatment.

W. W. Johnson and family of the east part of the county were added to the list of city callers yesterday.

C. OF C. OFFICERS RE-ELECTED THURSDAY

Action Taken at Meeting of the Directors—Plans for Coming Year Considered.

The officers of the Chamber of Commerce who served so efficiently last year were re-elected for the coming year at a meeting of the directors, held Thursday evening at the Dunlap hotel. The officers are:

President—R. Y. Rowe.
First Vice President—John W. Merrigan.
Second Vice President—Harry M. Capps.
Treasurer—Edward A. Brennan.

No action was taken with reference to Secretary Welch, but every director present expressed his appreciation of the excellent work that Secretary Welch has done during the past year, and the directors are desirous of retaining his services.

In the absence of President Rowe, Vice President J. W. Merrigan presided. Some routine business was transacted and then came a discussion of the coming membership drive. Carl E. Robinson has been named as chairman and Earl Spink as vice chairman in this special campaign, and it is the intention to have 15 or 20 soliciting teams. Secretary Welch presented records to show that there has been a loss of 18 members during the past year and that 18 new members have been secured.

Members of the board who spoke briefly were Henry Frisch, E. A. Brennan, H. M. Capps, T. M. Tomlinson, W. E. Sullivan, John S. Hackett, T. A. Chapin and L. F. Randall, all of them expressing their belief that the chamber of commerce has made an excellent record during the past year for things accomplished and has contributed in a large way toward fostering co-operative effort.

Several of the directors did not hesitate to say that in the beginning they were not fully convinced that the best plan of organization had been adopted, but had found during the twelve months that the reorganization plan had brought about results which would not have been accomplished by some other method.

The business session came after an excellent dinner had been served in the ordinary of the hotel.

ATTORNEYS CONFERRED ON GREEKS' CASE

Prisoners to Be Taken to Quincy Saturday—Trial to Open Wednesday.

Walter W. Wright returned last night from Quincy, where he went for a conference with reference to certain matters relating to the trial of the 29 Greeks who are accused of participating in the riot at Frederick.

Mr. Wright was in conference with John E. Wahl, who is associated with him in the defense, and with State's Attorney Morning of Schuyler county. The trial is set for May 31, and the case will be called at that time. Mr. Wright and his associates will enter a motion to quash the indictment and will support the motion by argument. If this is not granted the case will probably go to trial.

State's Attorney Morning has associated with him his father, who is a Schuyler county attorney, and also the state's attorney of Adams county.

It was understood last night that Sheriff Weatherford will be asked to transport the prisoners to Quincy on Saturday. It is possible that Mr. Moran, former state's attorney of Coles county, may be associated with Mr. Wright and Mr. Wahl in the defense.

C. G. Osborne, manager of the Kresge store has gone to Princeton, Indiana, to spend a two weeks' vacation at the home of his parents.

Elmer Stout of Arenzville was a visitor in the city yesterday.

DEATHS

Brief mention was made in Thursday's issue of the death of Mrs. J. D. Olson, which came at 8 o'clock Wednesday evening at the family home, 1144 West Lafayette avenue.

The funeral is to be held this afternoon at 2:30 o'clock at the home, in charge of Rev. T. W. Smith, pastor of Westminster church. On Saturday morning the remains will be taken to Springfield via the Vabash, and interment will be made in Indian Point cemetery near Athens, Menard county.

The deceased was born March 6, 1862, near Athens, Ill. She was a daughter of W. R. and Clarissa Shepherd, well known residents of that part of the state.

On February 20, 1895, the deceased was united in marriage to John Olson, who survives, together with three children: Harry W., Charles S., and Florence Dorothy Olson. She also leaves one sister, Mrs. K. A. Flogg of Sneadsmo, Ill., and two grandchildren.

Mrs. Olson has been a resident of this city since 1920, the family home prior to that time being in Missouri. She was a member of the Presbyterian church and was active in church work and also in the W. C. T. U., as long as her health would permit.

MINOR ACCIDENTS OCCURRED THURSDAY

Myron Reynolds son of Mr. and Mrs. Howard Reynolds of 575 East Morton avenue narrowly escaped losing the index finger of his right hand Thursday when it was caught in a lawn mower. The finger was badly lacerated and required the services of Dr. A. M. King to attend the injury. The lad was playing with some companions when the accident occurred and they were pushing the mower and in some manner his hand was caught in the blades.

Edward Tribble an employee at the cement plant of Otis Hoffman had the end of the index finger of the right hand severed Thursday morning when a concrete block accidentally fell on it. The injured man was taken to the office of Dr. A. M. King who gave the necessary attention.

PROBATE COURT

Letters testamentary were issued to S. W. and S. J. Carter as executors of the estate of Samuel W. Carter.

In the estate of Isaac G. Lazenby, the final report of the Farmers State Bank & Trust Co. as executor was filed and approved. The report in the guardianship of Harold and John Summers was filed by the guardian, D. T. Summers, and was approved.

FRANK CONKRIGHT IS ELECTROCUTED

Employee of C. I. P. S. Company Meets Instant Death at Mercedia—Coroner Rose Held Inquest.

Frank Conkright an employee of the Central Illinois Public Service company met instant death at Mercedia about 10 o'clock Thursday morning when he accidentally came into contact with a wire carrying 2300 volts.

Following his death Coroner Rose was notified and went to Mercedia and held an inquest Thursday afternoon. The jury, C. P. Hedrick foreman, L. F. Berger clerk, W. G. Looman, Sam Coy, Mike Cody and Frank Pond heard evidence.

After hearing the testimony of Otto B. Yeakel assistant local superintendent of the company, William Wentz, Newton Floyd, Dr. Lois Neville, Raymond Scott and Theodore Brandt, local superintendent of the company, the jury returned a verdict that death resulted from coming in contact with a live wire carrying 2300 volts and the company was held as in no way responsible for the accident.

At the time Conkright met death he was engaged in running a feed line from Mercedia to the site of the new club house of Favorite Lodge No. 376 Knights of Pythias. According to witnesses he was not wearing rubber gloves at the time which, accord-

CLASS TO GRADUATE FROM WHITE HALL H. S.

Thirty-Four Young People to Receive Diplomas This Year—Other White Hall Items of Special Interest.

White Hall, May 24.—A class of thirty-four graduates from the White Hall high school this morning, according to the list certified to the board of education today by the superintendent, Clyde Sloane. The list is as follows:

Verne H. Barnett, Alice Lucille Bowen, Ralph Boyd, Lee Bridgewater, Lois Selma Camm, Mary Ruth Gardner, Emmer Garmon, Mabel Louise Griswold, Lowell Vane Hanbeck, Mary Pauline Helm, Olive B. Heckert, Mary Philippa Keller, Carl R. Kesinger, Irene V. Livingston, Gladys Lynch, Merle R. Mackey, Estes McHarg, W. Russell McMahon, Coy H. Mansfield, Lowell H. Mundy, Lucille Myer, Edith Miriam Myers, Junia Mae Nichols, Loria Edith Price, Cecil D. Ralston, Charles E. Scoggins, Francis Martin Search, Florence Lucille Strang, Adah Louise Tankersley, Gerald L. Thompson, Geneva Frances Vermillion, Genevieve Elton Wahl, Lucille S. Wilson, Elmer Winn.

Commencement exercises will be held in Princess theatre next Tuesday evening, commencing at 8 o'clock. The program is made up among the graduates, and is a variable one.

The annual banquet and program of the White Hall High School Alumni Association will be held on Thursday evening in K. of P. hall, commencing at six o'clock.

The final plans for the new

church of the First Baptist congregation were exhibited at a business meeting Wednesday evening that was largely attended, it being the occasion of the mid-week prayer service with a baptismal in connection, there being six candidates. The specifications will be ready for inspection on June 5th. The blue print may now be seen at the parsonage. This will be a job running above \$15,000. The architect, A. P. Simmons, of Bloomington, was here this week, and he also had a final draft of plans for the new Griswold memorial building that will be subject to the approval of the library board, they being acceptable to Mr. Griswold. Architect Simmons also made up data for plans for a new office building for the White Hall Sewer Pipe & Stoneware Co., on the site of the present office building. The new structure will be two stories of brick, practically doubling the capacity of the present office quarters, and every bit of the space is needed. Bids will soon be in order for the library building, which will be a \$10,000 job. The job will likely be superintended by Architect Simmons.

The May and final session of the Brotherhood for the present season was held Tuesday evening in the hall of the Presbyterian church and there were 110 pates. The session was devoted to community welfare. Miss Ethel Fetter, community nurse, gave a survey of the health conditions of the community, and Miss Ruth Evans expounded on supervised playgrounds, which she said could be provided for White Halls needs at an outlay of perhaps a little in excess of \$500 per year. T. M. English spoke on tourist camping quarters already provided for by Gregory Park. Other speakers were H. O. Tunison, Dwight Sykes and Dr. P. N. McLaren, the session closing with a statement by Louis Lowenstein that he will give \$25 for each proposition brought forward at the session, adding that the \$500 for playgrounds should be raised at the session, but it wasn't. H. W. Shirley moved a vote of thanks to Seth N. Griswold for his gift of a library building to the city, which motion carried unanimously and enthusiastically.

Announcement that the contract had been let for a hard road between Roodhouse and White Hall, 3.32 miles, adds further enthusiasm to the prospects for splendid community advancement during the present year.

NORTONVILLE HAD GOOD MEETING

The community meeting held at Nortonville Wednesday evening under the auspices of the Farm Bureau was a great success. In spite of the heavy rain the attendance was good and an interesting program was given. The meeting was held in the Nortonville school house and was arranged by Charles Story. The film, "The Undesirable Alien" on the subject of the European Corn Bore was shown and part of the picture, "Food For Reflection," Miss Kelly of Nortonville furnished instrumental music during the program.

STARR CAMP NUMBER 171 HELD RECEPTION

A general good time was enjoyed by the members of Star Camp No. 171, Royal Neighbors of America and their families, at the camp hall Tuesday evening. Everyone brought his own lunch, coffee being furnished by camp. After the supper the evening was spent with dancing, cards and games. Hiram Day won the Angel food cake at the drawing.

The camp will give a party for the juvenile members of the organization, on Tuesday June 13th.

SOMETHING DOING IN C. & A. AFFAIRS

Heavy Buying of Stock Taken to Indicate Some Interest in Seeking Control.

The Bloomington Pantagraph inclines to the opinion that the recent inspection trip of "Katy" officials over C. & A. lines means more than affairs on the surface. This is the Pantagraph's story: "That there is something doing in Chicago and Alton is indicated by the tremendous sale of stock, the total movement on Tuesday in New York City being 25,000 shares, the heaviest recorded for the year and indicating that there is some interest at work buying quietly to obtain control if possible. There has been a steady sale year but it has not attracted much attention until now. The buying has strengthened the stock and it has advanced to 10 3-8, the highest point of the year.

"The arrival this morning of the Katy officials at Bloomington yesterday morning, was followed by a very thorough inspection of Bloomington shops. Shortly after 10 o'clock the party boarded their special train for St. Louis, making a stop at Springfield to view Ridgely yards and also to stop at Carlinville to view the Standard Oil property, reaching St. Louis at 4 p. m. and thence moving over their own line for home. A Chicago and Alton officer who approached a member of the party as to the object of the tour, was given to understand that it was unknown.

"All that could be fathomed was that the Katy officials were asked to make an appraisal of the Alton, but for what purpose, was not divulged. It will be recalled, however, that recently the Lackawanna and Nickel Plate absorbed the Clover Leaf and Lake Erie and Western, both of which connect with the Alton and Katy. There is a possibility that a new transcontinental system is under process of formation and the Alton and Katy may be included, together with the Katy's Pacific

coast connection, the Southern Pacific.

"Evidently Wall street interests have something under consideration which may or may not be consummated. Naturally, no one connected with the deal is talking for publication. The soft peddle has been ordered and no announcement will be made, doubtless, until the plans are all perfected, the stock necessary, acquired and the deal given the finishing touches. Until then, everything will be conjectural and possibly all guesses miles from the mark.

JACKSONVILLE DAILY BIBLE SCHOOL

Beginning June 5 in the churches on the four corners. Pupils, parents and patrons of the proposed Daily Vacation Bible School will be glad to know that this is to be a School. There will be no textbooks or homework, but there will be good order, punctuality, regular attendance, carefulness and discipline. In view of the limited number of teachers it may be necessary to limit the attendance. While this is not desired parents and pupils are hereby notified that it may have to be the rule. The sooner children are registered the better it will be for all concerned.

Then too, this is to be a Bible School. The Bible will occupy first place. Children of all creeds, denominations and churches are cordially invited to attend, and strict attention will be given to see that no child is deflected from his own church. We want the parents to know in advance that we are conducting a Bible School. Bible stories will be told. Bible dramas will be engaged in. Bible verses will be memorized. The Bible will be at the heart of the school. Naturally the chief interest will center about those portions of the Bible which have to do with the building of character. Debatable doctrinal matter or anything tending to divisive discussion will be taboo.

Being Tired

The right kind of man or woman (and most people
are the right kind) can get more rest and real enjoy-
ment out of VICTROLA music than almost any other
personal pleasure. To have the VICTROLA music
one must have the VICTROLA. To have the VIC-
TROLA in your home is a simple transaction. We
carry so large a stock of VICTROLAS, of varied
price, make personal terms upon such a reasonable
basis, that you can, at any time, come here and have
the VICTROLA delivered to your home. Why not,
since music is such a real and powerful pleasure and
such a wonderful comfort in the home, talk to me
sometime soon about this? We are always happy
to talk to music-loving people, whether they buy
VICTROLAS or merely drop in to listen to music
here. This is a personal invitation to those who un-
derstand the value of music and, probably, includes
you who are reading this.

MANY TO GRADUATE FROM JUNIOR H. S.

Class of 1922 to Receive Certificates
at David Prince Building
This Afternoon.

The annual certifying exer-
cises of the Junior High school
will take place this afternoon at
2:30 o'clock in the auditorium of
the David Prince building. The
program has been arranged as a
demonstration of some of the
work done by the students in
their English classes, and will in-
clude four scenes from books they
have read in connection with these
classes.

Two of the stories, "The Court-
ship of Miles Standish," and "Rip
Van Winkle," have been drama-
tized by one of the pupils, Mary
Margaret Brady, and these little
plays will be staged this after-
noon.

One feature will be a scene
from "Evangeline," including the
dance at the betrothal party, and
a chorus number by students
dressed in the costume of the New
England Pilgrims.

In the fourth scene, from "A
Midsummer Night's Dream," the
fairy queen will be of an appro-
priate kind and the scene will
close with a slumber song.

The program has been arrang-
ed under the direction of Misses
Ethel Cloyd, Lena Hopper and
Ethel Wylder. Many of the cos-
tumes are being made by the girls
in the domestic art department,
under direction of Miss Ursula
Fawcett.

REP. SEARCY EXPLAINS CON-CON DISTRICT PLAN

Morgan County May Have Own
Representative in House—
Would be Part of a Senatorial
District.

Representative Earl B. Searcy,
who is the Republican candidate
for senator in this district, has
written for the Journal a very
clear explanation of the action tak-
en by the constitutional conven-
tion with reference to the legis-
lative representation. Mr. Searcy
explained that if the provision
suggested is adopted by the peo-
ple that Morgan county will here-
after elect its own member of
the lower house. The county,
however, under this plan would be
joined with other territory for the
selection of a senator.

Mr. Searcy's interesting review
of the constitutional convention
provision is as follows:

Work Near Conclusion.
Editor Journal:—

A few days ago, I procured a
text of Provisions, adopted on
second reading by the Constitu-
tional Convention, which Provis-
ions in the main, likely will be
adopted by the Convention when
it reconvenes a little later this
summer. The Convention is hope-
ful, I am informed, of completing
its work in time to submit to the
voters of Illinois the proposed new
Constitution not later than the
coming September.

Many of my good friends in
Morgan county have been actively
interested in the matter of legis-
lative representation, as provided
in our proposed new basic law. I
have personally always favored
either the "county representation"
idea, or something approximating
it, for I feel that the makeup of
the General Assembly ought to be
brought as near home to the local
communities of the state as pos-
sible.

The proposed new Constitution,
if adopted, will not embody the
"county representation" system,
but so far as Morgan county is
concerned the principle will ap-
ply, at least to Morgan's member
of the House.

In order that my friends, and
the voters generally, of the west-
ern half of this senatorial dis-
trict, may understand just what
is doing as regards legislative rep-
resentation, I have taken the Pro-
visions as they stand and have
figured out what Morgan's status
will be if the Constitution is ad-
opted in its present form.

Briefly, Illinois will have fifty-
seven (57) "Senatorial" districts
—districts, that is, that elect
Senators only. Cook county never
will have more than nineteen
(19) of the 57. In the Senate,
therefore, Cook will be limited.
It will mean that the state, after
1924 and 1926, will have 57 Sen-
ators instead of 51, as at present.

There will be 152 "Representa-
tive" districts—districts, that is,
that elect lower house members
only. Cook county will be per-
mitted to have as great a propor-
tion of the representative districts
as its population justifies.

Basis of Computation.
The basis of computation of the
districts, both senatorial and rep-
resentative, is the November 2,
1920 vote in Illinois for the office
of Governor.

Taking that election, in which
Elizabeth Wainwright, Thorn-
ton Walbridge, Ethel Walker,
Lloyd Walker, George Walls, Ken-
neth Ward, Helen Wells, Edward
Wessler, Alberta Westrope, Keith
Whewell, Marie Wiley, Minnie
Wiley, William Wilson, Homer
Wolke, Dorothy Worrell, Milton
Wright, Hazel Yeck, Ormond
York, Laura Young.

Graduates June 20, 1922.
Vernon Alexander, Sanford
Copp, Byron Craig, Mildred De-
Silva, Clyde Hayden, Edward
Jackson, Eula Mae Jackson, En-
ma Lou Moseley, Helen Patterson,
Priscilla Strawn, Daniel Tinsley,
Clara Upp, Beatrice Vasconcellos,
Ellsworth Vasconcellos.

2,111,695 votes were cast, accord-
ing to the Illinois Blue Book, as
the basis, it ensures that any coun-
ty or community having as many
as 13,801 voters, or not less than
four-fifths that number, will be
entitled to have a Representative
district of its own. Morgan coun-
ty, therefore, will constitute, of
itself, a representative district,
and will elect its own member to
the lower house. Morgan's con-
nection with Sangamon, as a part
of the old 45th senatorial dis-
trict, will cease.

Taking the total downstate vote
on Governor as the basis for com-
puting the necessary voting popu-
lation for the 38 downstate sena-
torial districts, it develops that
any county or compact territory
having as many as 31,719 voters
will, of itself, constitute a Sena-
torial district. That will mean
that Sangamon county will elect
its own senator and two repre-
sentatives. It will mean that Morgan,
in addition to electing its own
member of the lower house, will have
to be joined with some other county
in creating the new Senatorial dis-
trict, of which it will be a part.

I cannot guarantee, of course,
that this arrangement will stand
but the situation is approximately
as I have stated it, as regards the
Provisions of the "con con" to
date.

Redistricting Required.

The proposed new constitution
requires of the next General As-
sembly—the one that meets next
January—to do the redistricting
along the lines that I have set
forth. It will be necessary,
therefore, if the constitution is
adopted, for your next state sen-
ator, and your next set of repre-
sentatives, to follow, as closely as
possible, the wishes of Morgan in
regard to the affiliations that
county desires in the formation
of the new senatorial district.

Even should the constitution be
adopted in September, or before
the first of the coming year, Mor-
gan and Sangamon counties will
vote, next November, on legisla-
tive candidates as in the past—
that is, the two counties will vote
as the 45th Senatorial District. If
the constitution is adopted, how-
ever, next November's election
will be the last one of its kind.
Morgan, after that, will elect its
own representative, and will join
hands with some other county in
selecting its senator.

I hope these facts, unofficial
as they are, will be of some inter-
est to the electorate of Morgan coun-
ty. So far as I am personally con-
cerned, I shall be glad to know
that the county will be entitled to
a more intimate hand in compos-
ing future general assemblies, if
the constitution is adopted. Mem-
bers of the constitutional conven-
tion freely predict its adoption,
for most of the serious contentions
have been ironed out.

If there are any last hour
changes in the representation
plan that affect Morgan county,
I will make it my business to see
that you have the information.
The proposed changes, as related
to the legislature, are radical, and
we all ought to be kept posted on
them.

Trusting this brief summary
will be of value, I am,

AMERICAN LEGION MAY HOLD BIG MEET

Laid Preliminary Plans For First Meeting at New Orleans—Should Rival Olympic.

CHICAGO, May 25.—The American Legion National Athletic committee today laid preliminary plans for the holding of an annual national athletic event, which according to committee members will approach the Olympic games in brilliance of performance and records made. The first tournament will be held at New Orleans in October in connection with the annual legion convention and it is expected that 1,500 legion athletes will participate.

The athletic committee will present to the New Orleans convention a comprehensive athletic program to be carried out on a national scale and which may later include in its work school children, boy scouts and various boys and girls organizations.

The New Orleans turnout will

include a track meet, boxing, wrestling, golf, tennis, water sports and quail pitching. Later baseball and football may be added if it was stattd. The committee planned today for sectional and state elimination tournaments so that the national event will include the best athletes in the legion. Tennis, golf and water sports will be open to women's auxiliary organizations of the legion. There will be both professional and amateur boxing bouts but the other events probably will be amateur.

The committee appointed by Hanford MacNider, national commander, includes: James R. Murphy, Iowa, chairman, Frank B. Flannery, Illinois and Grantland Rice, New York.

According to Chairman Murphy it is the intention of the Legion to promote clean sport on a national scale.

"Practically all of the younger athletes of the country are members of the American Legion," he said. "Everyone is familiar with the wonderful part athletics played in keeping up the morale of the allied armies in France and the inter allied athletic meet in Paris will go down as one of the classic events in athletic history. From our discussion today we are convinced that it will be possible to hold annual legion meets thru a system of local and national competition."

We Figure That This Is Good Business

Everybody we talk to about it agrees with us that it's good business:

To diagnose battery trouble as carefully as a doctor diagnoses his cases.

To advise and make repairs only when we know repairs will pay.

To recommend the purchase of a new battery only when repairs on the old one would not be a good investment.

To speak frankly, plainly, and with a thought of the best interests of the battery owner whether his is a Willard Battery or not.

CUBS AND REDS IN TIE GAME THURSDAY

Donohue and Alexander Hit Freely But Strong in the Pinches—Double Headers Today and Saturday.

CINCINNATI, O., May 25.—Cincinnati and Chicago played a tie game, 2 to 2 today, rain stopping the contest at the end of the eighth inning and preventing the second game of the scheduled double header. Both Donohue and Alexander were hit freely, but were effective with men on base. Double headers will be played both tomorrow and Saturday.

CARDINALS LOST FIFTH STRAIGHT GAME

ST. LOUIS, Mo., May 25.—Pittsburgh's Pirates took the Cardinals into camp, winning 7 to 3 today before Commissioner Landis who threw the first ball. Glazner prevented the Cardinals from finding their batting eye and caused their fifth straight defeat. Hornsby registered his tenth circuit walkoff of the season and Almsmith made his seventh.

Commissioner Landis was the guest of honor in a "Pana Club" celebration before the contest. Baseballs autographed by President Harding and other persons were auctioned; the proceeds going to a fund for equipping children's playgrounds here.

DOKAYS DEFEATED CAPPS LAST NIGHT

Final Score is 4 to 3 in Favor of the Dokays—Wood and J. Towers Both Pitch Good Baseball.

In a close and exciting game the Dokays defeated the Capps team at State Hospital diamond Thursday evening by a score of 4 to 3. The Dokays showed a reversal of form over that displayed in the game with the Press team last week.

Wood and J. Towers both pitched good ball, each allowing four hits. The Dokays led until the first half of the fifth when Capps scored two runs and took the lead. In their half of the fifth the Dokays scored two runs and won the game with two down. The score:

BABE RUTH THROWS DUST IN UMP'S EYES

Gets Trip to Showers While Crowd Boos—Bambino Tries to Get Fan in Stand But Can't Catch Him.

NEW YORK, May 25.—Babe Ruth is in hot water again. Just what the temperature of the water was a question in the minds of 15,000 fans who saw him throw diamond dust in an umpire's face today.

After laying down a neat bunt in his first time at bat and advancing the two runners who subsequently scored, Ruth came up in the third and bunched a safe one into center. The Babe rounded first and kept going. He made a great slide for second but Umpire Hildebrand ruled that Rice's throw had reached Harris in time for him to tag the Bambino. Ruth protested vehemently and then he threw a handful of dust three feet in the umpire's face. Hildebrand wiped his eyes with one hand and waved Ruth to the showers with the other. On his way from the field Babe stopped many times in an effort to get the last word. This aroused the displeasure of some fans and they booed Ruth as he walked to the bench.

As Ruth reached the dugout a fog horned voice in the stands roared something which to Ruth was unpleasant. The home run hitter vaulted the dug out and started for the man who had displeased him. The fellow fled and Babe started for the showers. With head bent he walked slowly and as he reached the bleachers he looked up to shake his fist at those who jeered him. Then the stands let out a great cheer and Ruth doffed his cap and bowed as he disappeared thru the clubhouse gate.

The Bambino's attempt to vent his wrath on a booing fan recalled the action of Ty Cobb who entered the stands in New York ten years ago and had more success than Ruth in reaching his annoy. Ty was suspended for ten days at that time and the incident caused the famed "strike" of the entire Detroit team.

MAD HATTER RUNS MILE IN FAST TIME

NEW YORK, May 25.—The Rancocas stable's Mad Hatter, a six year old horse by Fair Play-Mad Cap, duplicated his Metropolitan handicap victory of 1921 today, taking the twenty ninth running of the event at Belmont Park, and negotiating the mile in 1:36 3-5, a new record for the race. Careful, ridden by Butwell was second.

The value of the purse to the winner was \$8,550.

NEW YORK WINS—GAME FEATURED BY HOME RUNS
NEW YORK, May 25.—New York divided a short series with Washington today, winning a tumultuous game, 6 to 4. Menzel hit two home runs for New York, while home runs by Rice and Judge accounted for all of Washington's scores.

Score:—
Washington—100 003 000—4 6 0
New York—200 201 01x—6 11 2

CARPENTIER IS READY FOR GREB

PARIS, May 25.—Georges Carpentier is ready and anxious to defend his title of light heavyweight champion against Harry Greb as soon as the best arrangements can be made. He is desirous of showing Americans that, altho beaten by a heavier man, he can hold his own with anybody of his weight.

In the absence of Manager Descamps, no reply has been sent to the offer made by Tex Rickard for a match between Carpentier and Greb for a purse of \$150,000 the battle to take place at Jersey City, either in July or August. Carpentier said today that it was his opinion no French promoter was likely to meet the offer of Rickard and that it was probable a fight with Greb would take place in the United States.

Carpentier added that both he and Descamps would like to fight for Rickard as they had been squarely treated by him; but owing to the criticism levelled at him as French champion for failing to fight in his own country since 1919, he desired to give French promoters a chance to bid for the bout.

Close friends of the Frenchman say the Fourth of July would not be too early a date for Carpentier to fight as he is in good condition. Leading French promoters met this afternoon and discussed what terms would be offered Greb for a twenty round battle with Carpentier on July 24, the eve of the Grand Prix, or on July 13, the night before the national holiday.

MANY HIGH SCHOOL STARS TO COMPETE

CHICAGO, May 23.—High school and academy stars entered in the eighteenth annual interscholastic track and field meet at the University of Chicago on Friday and Saturday, limbered up today, for preliminaries which will be held tomorrow and the finals the following day.

A check of the entry list shows more than 1,000 athletes, representing 150 high schools from 28 states are entered.

Gold watches will be awarded to the winners of first place in each event and gold and silver medals for second and third places. The best of the country's men are entered. A race every three minutes will be the program for the final events Saturday.

SCHOOL BOY FIGHTER TO MEET O'KEEFE

CHICAGO, May 25.—Eddie Welsh, the former South Bend, Ind., high school boy, today was matched to meet Dennis O'Keefe of South Chicago in the semi-windup to the light weight championship contest between Benny Leonard and Rock Kansas at Michigan City, Ind., July 4th. They will box eight rounds at 147 pounds.

TOLEDO RELEASES CATCHER TO WATERBURY

TOLEDO, O., May 25.—Alex Schaufel, catcher on the Toledo Club of the American association has been released to Waterbury, Conn., of the Eastern League and left today for that city, under an optional agreement. He came here last season from Kalamazoo, Mich.

BROOKLYN TAKES TWO FROM PHILLIES

PHILADELPHIA, May 24.—Brooklyn took both ends of a double header from Philadelphia today 8 to 7 and 9 to 6. The defeats marked the Phillies ninth straight setback. Wilbur Hubbell, local pitcher received a fractured skull in the first inning of the opening game when he was hit in the head by T. Griffith's drive. He was taken to a hospital where his condition is considered serious.

Leavening Strength Tells the Story
The price you pay for baking powder doesn't determine the results you will have on bake day—It's the leavening strength that counts. You may buy a baking powder for less than Calumet and think you are practicing economy. Don't be misled—the bakings you spoil will make those that are successful exorbitant in cost.

CALUMET BAKING POWDER
has successfully proven, during the past thirty years, that it contains more than the ordinary leavening strength. That's why bakings where it is employed never fail to raise properly. Calumet is used by more housewives, leading chefs, domestic scientists, restaurants, hotels and railroads than any other brand. Millions buy it—you should try it. A pound can of Calumet contains full 16 oz. Some baking powder come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

DEALINGS LIGHT ON
STOCK EXCHANGE

By Associated Press.
NEW YORK, May 25.—The
stock market drifted more or less
aimlessly during the greater part
of today's uncertain session with
almost an even distribution of
gains and losses. Dealings were
relatively light save in the first
and last hours, transactions ap-
proximately 1,150,000 shares.
Speculative interests appar-
ently extracted comfort from the
first rate reductions ordered
by the interstate commerce com-
mission, railroad shares other
than the cheaper or junior issues
denoting incessant selling pres-
sure.

News affecting the transporta-
tion system was favorable includ-
ing increased carloadings and a
large gain in April net earnings
by Southern Pacific.

Steel were sold as a result of
advice which indicated indefinite
delay in the promotion of
mergers and kindred issues eased
in sympathy, motors and equip-
ments showing similar tendencies
with leaders of the metal group.
In the main the more substantial
advances were registered by spe-
cialties and other miscellaneous
shares controlled by pools or
cliques. Net gains of one to
about four points embraced Chi-
cago & Alton, Nickel Plate and
Wabash "A."

Call money again renewed at
4 per cent that quotation holding
until the last half of the day
when the rate relaxed to 3½
per cent on the board and 3¼ to pri-
vate loans. No change occurred
in quotations for time funds
where offerings were limited to
the shorter dates. Firmness of
foreign exchanges was based to
an extent on the weekly state-
ment of the Bank of England
which showed a large gain in
"ability reserves and advances
from Paris dealing with the con-
ferences of allied reparations
commission. Strength of Liberty
Bonds five of which sold at par
or better featured the bond mar-
ket. Total sales (par value) ag-
gregated \$14,349,000.

On Memorial Day

we do honor to those who gave their all in defense of the Stars and Stripes.

Of all our national "holidays" this is the most significant and the most sacred.

Let not a soldier's or sailor's grave go undecorated or unremembered on this day. Let us all do our part toward making this Memorial Day a REAL memorial to our honored dead!

Are You an Optimist?

We are all optimists. We lay our plans for this year, the next and so on. We "know" that next year will find us in better circumstances than the present. We are always looking ahead into a rosy-hued future—which few of us will ever see.

A man at 30 has only a 50-50 chance to live to be 65. And out of all who do live to be 65, only one out of about seven will be living on his savings. Every day families are being left destitute because the husband and father merely took it for granted that he would live long enough to amply provide for them.

Life insurance is the ONLY means by which a man in moderate circumstances can protect his family against want in case of his untimely death. You may not "believe" in insurance, or have dozens of reasons for not carrying adequate insurance, but remember, in the end, your family will pay for your belief—not you.

VARIOUS TERMS ARE EXPLAINED

Are Used in the Campaign for Home Rule in India—Were Compiled By Wayne Gard.

RANGOON, Burma.—(By The Associated Press.)—The following explanation of terms used in the campaign for home rule in India and description of some of the Indian governmental institutions may enable American readers to understand more easily the news of that movement.

Boycott.—Refusal to wear or use any foreign-made goods; sometimes means the same as non-cooperation.

Civil Disobedience.—Refusal not only to cooperate with the present government but also to pay taxes to it or to be bound by its laws.

Hartal.—Voluntary general suspension of business to show disapproval of something the government has done or is about to do; usually intended also to show the strength of the non-cooperators.

Khilafat.—A movement on the part of Mohammedans, especially those of India, originating as a protest against the peace terms offered to Turkey at the close of the war, and now seeking the restoration of the Khalif's temporal power and the freeing of Mohammedans from Christian rule. A deputation to the Viceroy, Lord Reading started the minimum demand thus: "Arabia, as delimited by Moslem authorities, and the Holy Places of Islam must remain under the control of the Khalif. Islam has ever associated temporal power with the Khalif. We therefore consider that to make the Sultan (of Turkey) a mere puppet would add insult to injury and would only be understood by Indian Moslems as an affront given to them by a combination of Christian powers."

The All India Moslem League.—Established in 1906, the chief object of which is "to protect and advance the political and other rights of Mussulmans in India." It also supports the Khilafat and non-cooperation movements.

Non-cooperation.—Refusal to hold offices under the British government, to patronize its law courts or schools or to attend social functions given by government officials or in their honor.

Kills Pesky Bed Bugs P. D. Q.

Just think, a 35c box of P. D. Q. (Pesky Devils Quietus), makes a quart, enough to kill a million bed bugs, roaches, fleas or cotes and stops future generations by killing the eggs and does not injure the clothing.

Liquid fire to the bedbugs is what P. D. Q. is like, bedbugs stand no good chance as a snowball in a juicy fatbed best resort. Patent sent free in every package of P. D. Q., to enable you to kill them and their eggs in the cracks. P. D. Q. can also be purchased in needed bottles, double strength, liquid form.

Swadeshi.—Literally, indigenous or of the land. Refined by M. K. Gandhi as "that spirit in us which restricts us to the use and service of our immediate surroundings, to the exclusion of the more remote." Thus, in religion he would follow only the forms of worship used by his ancestors; in politics he would make use only of those institutions which were indigenous; in economic life he would use only things produced by himself or his immediate neighbors and would serve only those industries which are active to his own country.

Swaraj.—Self-rule. Volunteers—Men who have pledged themselves to serve the interests of either the Indian National Congress or the All-India Moslem League.

Congress.—The Indian National Congress, founded in 1885 and meeting annually; present object is "the attainment of Swaraj by the people of India by all legitimate and peaceful means," the qualification, "with in the British Empire," being omitted intentionally; works between sessions thru a "Working Committee," appointed Gandhi as dictator at Ahmedabad meeting in December, 1921.

Assembly.—The Indian Legislative Assembly, the lower house of the Indian legislature, of which the upper is the Council of State, established under the Government of India Act of 1919, as a part of the Chelmsford-Montagu reform scheme.

Jacksonville Council No. 5 R. & S. M. will hold a stated assembly this evening. Visiting Companions welcome.

M. W. A. CONTRIBUTES GENEROUS FUND

More Than Three Thousand Dollars Given In Flood Relief Work at Beardstown.

A fund that surpasses three thousand dollars and which is expected to grow to five thousand before all lodges are heard from is at the disposal of Beardstown officials of the Modern Woodmen of America to aid members of the organization who suffered property loss in the flood. The Beardstown Illinoisian-Star says:

"A general call has been sent out by the officers of the organization after an investigation was made of conditions. The fund available already totals more than three thousand dollars, while subscriptions from various lodges are coming in."

"The fund will be used to assist those who need aid until it is exhausted. Officials of the local lodge state that the money is due those who have paid for the benefits of the organization, and that it shall be used to the best possible advantage among the members."

"Chief Inspector George Hattenbuehler, Bloomington, of the lodge spent two days in this city and five in the Illinois valley looking over conditions. 'Beardstown was the hardest hit of any section I visited and this includes the recent Fort Worth flood. In Texas the water came and was gone leaving devastation, but unflooded territory,' he said."

"It is believed that the total flood fund of the Modern Woodmen will reach ten thousand dollars. Beardstown has been allotted a large portion of this amount."

FINE ARMY RECORD OF WILLIAM H. BLUE

Among the worthy colored veterans of the regular army and World War, William H. Blue, now employed at the Jacksonville State Hospital, will certainly rank well. He saw almost nine years' service in the regular army, three years in the 10th Cavalry; three years in the 24th Infantry and two years and ten months as instructor in the war college at Fort Myer, Virginia.

He saw service in the Philippines, Honolulu, Nagasaki, Japan, Mexican Border and Canada. During the World War he was employed as instructor in the War college at Fort Myer, Va. He ranked high as expert rifleman, making a score of 273 out of a possible 300. He was honorably discharged showing the periods of his service. While the writer was in Tucson, Arizona, last winter he made the acquaintance of William Pinkley whose career he wrote up for a home paper. Mr. Blue says he well knew Mr. Pinkley and served with him.

GAVE PLAY AT STATE HOSPITAL

"Fair and Warmer" was presented at the Jacksonville State Hospital last Saturday evening, under the able direction of Miss Nellie Self. A large audience filled the hall, the play being a marked success.

Smoke Illinois Giants.

DR. SPOONTS HOME AGAIN.—Dr. W. E. Spoonst has returned from Rushville where he has been assisting in protracted meetings in the Presbyterian church of that city. Much interest was manifested both among those not in the church and those who were there and needed an awakening. The worthy gentleman very much enjoyed the work tho it was somewhat strenuous.

AUTO TRAVELERS.—Wednesday evening an auto load consisting of Henry Eversole, Zelpha, Hazel and Martha Eversole, from Bluffton, Indiana, traveled into the city and spent the night at the Douglas. Yesterday morning they set sail for their far western destination.

ARRANGEMENTS FOR DECORATION DAY

Automobiles and Flowers Wanted —Let There Be a Generous Response to the Call for That Day.

Attention is again called to the arrangements for Decoration day which will be next Tuesday. It is earnestly hoped that there will be a generous response to the request for flowers and the use of automobiles.

In the morning at nine o'clock it is intended to start from the north side of the Square for Calvary and Diamond Grove cemeteries. There will be needed a good many flowers and all who will donate for the purpose please have them on the north side of the Square in the edge of Central park.

Then for that occasion a number of automobiles will be needed and all who are willing to loan their cars for that patriotic purpose please leave word at the Journal office.

In the afternoon the exercises will be at Centenary church, as usual and for that occasion flowers are asked for on the north side of the square as for the other cemeteries and a goodly number of automobiles. The ladies of the Relief Corps and the disabled veterans will have to ride and patriotic citizens are urged to be liberal with the use of their autos on that day.

Please leave word at the Journal office if willing to supply an auto and state whether morning or afternoon, or both.

ATTENTION G. A. R.—Regular meeting of Matt Starr Post 378, G. A. R., at four o'clock today.
